Rome: Total War - Total War: Rome II The original Total War games brought the legend of ancient Rome to life in an unforgetable way. With Rome: Total War – Total War: Rome II, our team of experts are focusing not only on historical accuracy, but also on refining the game play experience to make every battle against Rome more exciting than the last. Total War: Attila is a new standalone expansion for Total War: Attila – in which a fierce war was fought for control of the Roman Empire between the rulers of the Hunnic and Ostrogothic tribes, wherein the tribes were ruled by a number of rival kings, such as Rugila, Attila and the Eastern Roman Empire. The strategic decisions during the war would have a direct impact upon the outcome of this new standalone game and determine the direction of the game. Battlefields of Total War: Viking In the first of two standalone Total War games set in Northern Europe, we set out to create an innovative Total War game as opposed to the historical reality-based approach in Total War: Shogun. In the game, you'll face enemies from the Viking Age, from the Atlantic to the Baltic seas. War of the Roses: Apples to Apples for iOS/ Android In War of the Roses: Apples to Apples, a Medieval battle is brought to the digital world. You can command a fearsome force of warriors and take advantage of strategic maneuvers to defeat your opponents in three of the most epic medieval battles. Legends: Dark Age Wars (PC) Lead your warlord to victory through the ages. Fight in over 20 games of medieval warfare from ancient Gaul, to
