Ro A: If you know nothing about programming and have no interest in learning anything about programming, it would be best to learn from a book. Most books explain programming concepts in a way that is easier to understand in the beginning. Of course, this does not mean that you can't learn to program on your own. If you have a computer at your home and your income allows you to buy a copy of the book you want to read, I would recommend that you do just that, instead of going for the first and most expensive book you see in a store. Books are also much cheaper than buying a computer, learning a programming language, and buying a book. You can buy the book you want, open it anywhere (you might need to unblock it first, depending on where you live), and start reading where you want. Renal tubular acidosis with hyperkalemia. We studied 45 patients with renal tubular acidosis and hyperkalemia. Two classes of renal tubular acidosis were distinguished: type I (40 patients); and type II (5 patients). Common features in all patients were hyperkalemia, hypokalemia, and metabolic acidosis. Amongst type II patients, three patients had a
