Windows 7 or lower. Use WinRAR to open a RAR file. WinRAR is a free RAR
file archiver for Windows,... I will tell you how to unzip files in windows 10, 8,
7, Vista, XP. I will show you how to extract files by using built in tool which is
provided in windows os by default. But sometimes when we try to open.rar
file from our friend or from the e-mails we came across with the ZIP file
which will open and extract the files. Let me show you how to extract files
from ZIP file by using WinRAR. Unzip a ZIP file with WinRAR. A.rar file is a
special file which is used to compress files by using RAR file archiver. If you
have an.rar file and you want to extract its content we have to use.rar file
extractor. But you cannot use any tool to extract from your.rar file. The ZIP
file is used to compress files. So it can not be used to open and extract the
files. But often we get a ZIP file with.rar file in its content. So we come to
know about the extract method of.rar file using.rar file extractor. We will
show you the method to extract a RAR file. There are some zip utilities
available on internet that can unzip or extract zip files. Download WinRAR.
